#### NEW CONTINUING EDUCATION RULES EFFECTIVE 03/29/2012

The 2012 Legislature approved revisions to the Administrative Rules regarding continuing education requirements for dentists and dental hygienists. A complete copy of these rules may be accessed from this site (see Rule 50 and 51).

The revision to the continuing education rule **reversed** the 2011 change which limited the number of self study hours allowed. The latest revision to the rule also states continuing education hours must be **verifiable**.
